Services

Baby Guardian serves as the facilitator between you and the surrogate throughout the pregnancy. We meet the surrogate every two months and provide periodic photos as the pregnancy progresses (contingent on her approval). This keeps you involved in the pregnancy.

If, for any reason, the surrogate needs to be hospitalized, we shall visit her on your behalf. In the event of an early unexpected delivery, we will visit your baby during those first critical hours until you arrive.

Baby Guardian advises you on your infant's physical needs, and what clothes and accessories you should bring with you, and what you can get here in India. We help you with travel arrangements before coming to India, such as selecting comfortable accommodations near the supporting facilities and renting a car with a designated driver if needed.

Baby Guardian's caring and attentive professionals accompany you during the amazing moment when you are first introduced to your baby until you will feel confident to be on your own. We are here for you 24/7, providing all your needs and offering baby care guidance related to feeding, bathing, sleeping, etc. We also provide care assistance by skilled local nannies upon your request.

While you arrange the bureaucratic details with your consulate before arrival, *Baby Guardian* will assist you with the last minute document submissions. We will help with all forms necessary for getting the birth certificate, India's Apostille and Foreigner Regional Registration (FRRO) forms.

As a personalized service, *Baby Guardian's* job is to answer your questions, make sure your specific concerns are addressed, and resolve issues to help you embark on a smooth journey to parenthood.

You will get one-on-one support and help to assure your baby gets the love, attention and care s/he needs.
